Social Narrative
ExploraDome at the Bell Museum for Individuals on the Autism Spectrum
Inside is a gift shop.

We walk to the front desk and buy tickets.
We can hang our coats on the **coat rack**.

We walk downstairs to the **ExploraDome**.
If the door is closed, we wait outside the door for the guide to let us in. If the door is open we can go in.

The lights on the ceiling are off, but there is light from lamps and the dome.
We lay on the carpet with our knees bent.

We will lie close to other people.

I can close my eyes if I don’t like when outer space moves.

When the show is over, the lights come back on and we can leave.

**ExploraDome Rules**

1. Wait outside the door for the guide to let us in

2. Keep our bodies to ourselves

3. Raise your hand if you have a question
